About Implanet

Founded in 2007, Implanet is a medical technology company that manufactures high-range implants designed for orthopaedic surgery. Its star product, the latest generation implant, JAZZ, is designed to improve the treatment of spinal disorders requiring spinal fusion. Implanet's proven orthopaedic platform, based on perfect control of the traceability of its products, gives it a proven ability to develop this innovation.

Protected by four families of international patents, JAZZ has obtained 510(k) clearance from the Food and Drug Administration (FDA) in the United States, CE marking and Anvisa authorization in Brazil. Implanet has 50 employees. The Company generated revenue of €6.7 million in 2015 and €4.1 million during the first half of 2016. More information at www.implanet.com.

Based near Bordeaux, France, Implanet opened a subsidiary in Boston, United States in 2013.

Implanet is listed in compartment C of the Euronext regulated stock market in Paris.

1. STATEMENT OF THE PERSON RESPONSIBLE FOR THE HALF-YEAR FINANCIAL REPORT

1.1 Person responsible for the half-year financial report

Ludovic Lastennet, Implanet Chief Executive Officer.

1.2 Statement of the person responsible

(Art. 222-3 - 4° of the French Financial Markets Authority General Regulation)

"I certify that, to the best of my knowledge, the summary financial statements for the half-year have been prepared in accordance with applicable accounting standards and give a true and fair view of the assets, liabilities, financial position and results of the Company and all companies included in the scope of consolidation. The half-year management report provides an accurate account of the significant events during the first six months of the year and their impact on the interim financial statements, major transactions with related parties and a description of the main risks and uncertainties affecting the Company in the remaining six months of the year."

Martillac, September 22, 2016.

Ludovic Lastennet, Implanet Chief Executive Officer.

2. MANAGEMENT REPORT AT JUNE 30, 2016

2.1. Significant events in the first half of 2016

June 2016:

- Issue of the balance of the warrants for bonds convertible into shares coupled with share subscription warrants ("BEOCABSA") as part of the financing implemented in October 2015 to fund the development of the JAZZ BAND technology platform and the commercial roll-out of JAZZ worldwide. This second tranche of BEOCABSA will enable a potential additional maximum of €4 million to be raised, at the Company's discretion under certain usual conditions. This amount may be revised upwards by an equivalent amount if the share subscription warrants attached to the bonds issued under this operation are exercised.
- Appointment of Mary E. Shaughnessy, Senior VP Finance & Planning for the Partners CC group, expert in healthcare financing and reimbursements in the United States, as a new Director.

May 2016:

- American (510k) and European (CE) market authorizations obtained for the new Jazz Claw[®] implant.

April 2016:

- American (510k) and European (CE) market authorizations obtained for the new Jazz Lock[®] implant.
- Listing on the OTCQX[®] International market in the United States.

March 2016:

- Launch of a prospective, multicenter clinical study to document the outcomes of JAZZ technology in adult degenerative and adult deformity indications.

February 2016:

- Appointment of Brian T. Ennis as Chairman of the Implanet America subsidiary.

January 2016:

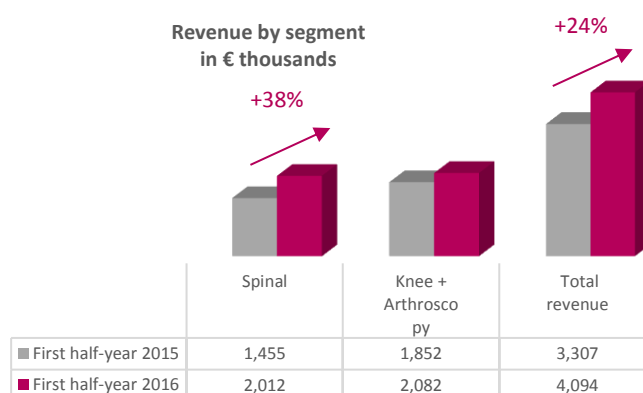

- Successful outcome of the first idiopathic scoliosis operation performed in Brazil using the JAZZ platform.

2.2. Activity, results and cash flow

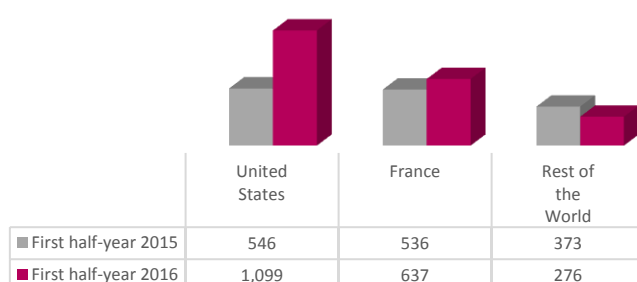

2.2.1 Revenue and gross margin

The first half of 2016 was notable for the continued robust trend in Spinal sales, and in particular JAZZ in the United States.

The Company's overall business showed strong growth of +24% at €4,094K over the half-year (vs. €3,307K at H1 2015), driven by +38% growth in Spinal sales at €2,012K (vs. €1,455K in H1 2015) and +12% growth in Knee sales at €2,082K (vs. €1,852K).

Spinal revenue by region in € thousands

In the United States and France - markets in which the Company sells its products directly - the Company achieved solid performance with respectively a doubling of Spinal sales (+101%) to €1,099K (vs. €546K) and +19% to €637K (vs. €536K).

This solid trend in Spinal sales in the direct markets (United States and France) is based on powerful fundamentals:

A/ Adoption by surgeons

The Company has accelerated the recruitment of surgeons, with at June 30, 2016, 111 regular users of Jazz technology (x1.8 compared to June 30, 2015), including 64 in the United States (x2.2) and 47 in France (x1.4).

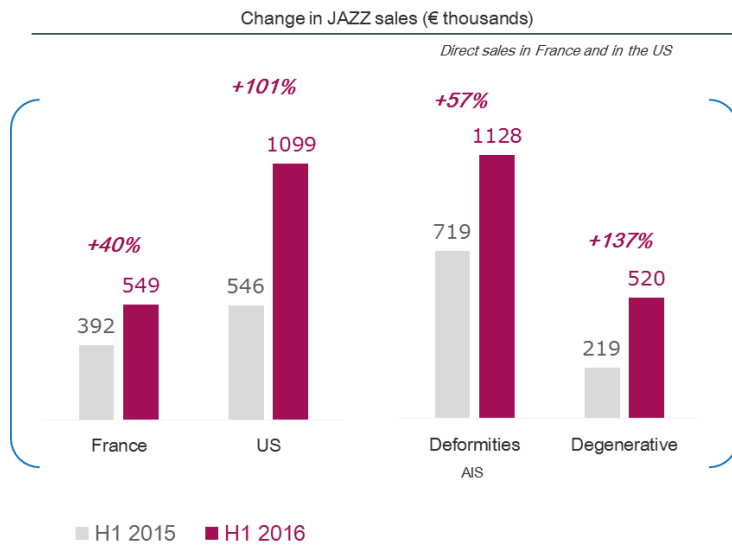

Number of active surgeons in France and in the United States ¹					
	2013	2014	H1 2015	2015	H1 2016
	10	21	34	39	47
	6	17	29	43	64
Number of active surgeons	16	38	63	82	111

¹ Number of active surgeons in the treatment of spinal disorders with activity over the previous rolling 12 months

B/ Penetration of the Adult surgery market

The Company has also continued its acceleration in the highest potential segment of adult osteo-degenerative surgery. This surgery generated revenue multiplied by 2.4 to €520K over the half-year in the United States and France (vs. €219K i.e. +137%).

At the same time, the Company continued to see an increase in JAZZ sales for major adolescent deformity surgery, with growth of +57% to €1,128K over the half-year in the United States and France (vs. €719K).

In total, over the first half-year 2016, Implanet sold 1,805 JAZZ units in France, 773 in the United States and 556 in the rest of the world, for a total of 3,134 units, representing around 800 surgeries.

	2013	2014	2015	1H 2016
Units sold (cumulative)	1,829	5,889	11,690	14,824

#JAZZ units sold per quarter (cumulative)

Gross margin increased by +90% over the period to reach €2,152K at the end of the first half of 2016 compared to €1,134K over the first half of 2015.

This significant improvement in the margin is mainly driven by:

- the overall increase in revenue,
- a favourable change in the product and region mix,
- improvements to margin rates in Knee & Arthroscopy sales.

2.2.2 Operating expenses

Operating costs increased by €128K compared to the 1st half-year 2015, mainly due to the impact of a provision for inventories of €94K at June 30, 2016 versus a reversal of €122K at June 30, 2015. This provision reversal follows the implementation of the screw re-sterilization process in 2015, allowing an increase in the duration of use.

Research and Development costs, net of the Research Tax Credit, increased slightly by €48K compared to the 1st half of 2015. This change is due to additional intellectual protection costs on patents for spinal scoliosis implants in the United States.

Regulatory and quality costs, net of the Research Tax Credit, do not show a significant change compared to the 1st half of 2015 (+ €38K).

Marketing and sales costs increased by €323K compared to the 1st half of 2015 due to the strong growth in activity, particularly in the United States. Payroll expenses increased by €184K compared to the 1st half of 2015, following the strengthening of the sales force, with, in particular, the appointment of Brian T. Ennis as Chairman of the Implanet America subsidiary and the recruitment of two sales managers. The increase in activity also generated higher travel costs and commissions paid to agents (+€173K). This increase was partly attenuated by a reduction in advertising costs over the period.

General and administrative expenses decreased by €240K compared to the 1st half-year 2015, due to the control of payroll expenses and a reduction in travel costs for general management, particularly in the United States, where Implanet America is now structured with the appointment of Brian T. Ennis as Chairman of the subsidiary.

2.2.3 Financial net income

Financial net income amounted to –€246K at June 30, 2016 compared to –€25K at June 30, 2015, i.e. a deterioration of €221K. This change was mainly due to:

- An unfavourable change in the euro/dollar exchange rate that negatively impacted financial net income by €66K over the 1st half of 2016 compared to a favourable impact of +€177K over the 1st half of 2015.
- An increase in the amortized cost of loans for €81K compared to the 1st half-year 2015, associated with the issue of bonds coupled with share subscription warrants at the end of 2015.
- A favourable impact of the decrease in the fair value of derivative liabilities of +€122K at June 30, 2016 compared to +€8K at June 30, 2015.

2.2.4. Company's cash flow

The table below presents selected items from the consolidated cash flow statement presented in section 3.5 of this Financial Report:

(€K - Selected items from the summary interim consolidated financial statements in accordance with IFRS)	June 30, 2016 6 months	June 30, 2015 6 months
Cash flows from operating activities	(3,200)	(3,861)
<i>Of which free cash flow</i>	(3,078)	(3,249)
<i>Of which change in working capital requirement (-)</i>	123	612
Cash flows from investing activities	3,771	(4,880)
<i>Of which acquisitions of fixed assets</i>	(348)	(108)
<i>Of which financial investments</i>	4,119	(4,773)
Cash flows from financing activities	276	9,510
<i>Of which transactions on equity & OCABSA issue</i>	275	10,179
<i>Of which loans & factoring</i>	1	(669)
Changes in exchange rates	51	(150)
Change in cash	898	618

Cash consumption, integrating operational flows, fixed asset acquisitions and financing flows by loans and factoring, fell by -24% to €3.5 million over the first half-year 2016 compared to –€4.6 million over the same period in 2015.

2.3. Progress and outlook

In the second half of the year, the Company will:

- Continue its commercial development strategy for the JAZZ platform, particularly in the United States:

- Continue to penetrate the severe deformity market by integrating the commercial launch of JAZZ Claw;
 - Increase sales efforts in Europe, and particularly Germany, the leading European market for Spinal surgery;
 - Continue to gain market share in the United States and France for the treatment of degenerative disorders with the launch of a major innovation, JAZZ Lock;
 - Make an active contribution at global conferences held by internationally renowned scientific organizations.
- Continue research and development efforts for an ever wider offering of the JAZZ technological platform, to treat 100% of spinal disorders.
 - Initiate major new clinical studies to demonstrate the superiority of JAZZ for the treatment of severe deformities and its effectiveness in osteo-degenerative disorders:
 - Roll-out the "International Sub-Laminar Study Group";
 - Launch a prospective, multicenter clinical study to document the outcomes of JAZZ technology in adult degenerative and corrective adult spinal deformity indications.

2.4. Post-balance sheet events

2.4.1. Interest-free loan for innovation of €800K granted in June 2016 and received on August 19, 2016

In June 2016, the Company obtained the agreement from Bpifrance for an interest-free loan for innovation for an amount of €800K for the "development and clinical assessment of the Jazz braided implant for degenerative spinal surgery (in particular, the securing or replacement of pedicle screws)".

This loan has the following characteristics:

- 3-year deferred repayment;
- Linear repayment over 20 quarters from June 30, 2019 to March 31, 2024;
- Administration fees of €24K.

The funds were received by the Company on August 19, 2016.

2.4.2. Issue of a new tranche of OCABSA for the benefit of L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND on July 29, 2016

On July 29, 2016, the Board of Directors approved the exercise of 25 BEOCABSA enabling the issue of a third tranche of 25 bonds convertible into shares coupled with share subscription warrants ("OCABSA") for a total value of €250K. The Company also issued 186,567 BSA_{T3} under this third tranche.

The characteristics of the OCABSA are presented in section 21.1.4.5 of the 2015 Document de référence.

At the date of this Financial Report, 1 OC_{T3} convertible bond is outstanding.

2.4.3. Grant of a key patent for the intellectual protection of JAZZ in the United States in August 2016

On August 30, 2016, the Company announced that the US Patent and Trademark Office (USPTO) had granted the patent for the JAZZ® technological platform in the United States. The intellectual protection for the JAZZ® technological platform now covers the braided implant and its tensioning system, which makes up the main element of its tooling.

2.4.4. First successful implantations of Jazz Lock® in France, Italy and the United States

On September 14, 2016, the Company announced the successful results of the first Jazz Lock® surgeries.

A pre-launch of Jazz Lock® had taken place in a selection of hospitals in France, Italy and the United States. 25 patients were treated and the very encouraging surgical results strengthen the Company's desire to carry out the large-scale launch of Jazz Lock® across its business zones by the end of the year.

2.5. Risk factors and related party transactions

2.5.1. Risk factors

The risk factors facing the Company are similar to those set out in Chapter 4 "Risk factors" of the 2015 Document de référence. There was no significant change in the first half of 2016.

The Company does not expect any changes in these risks during the second half of 2016.

2.5.2. Related party transactions

Related party transactions are similar to those set out in Chapter 19 "Transactions with related parties" of the 2015 Document de référence.

No new material agreements were made with any managers or Members of the Board of Directors in the first half of 2016 other than those mentioned in the 2015 Document de référence.

3.7. Notes to the summary interim consolidated financial statements

(Unless indicated otherwise, the amounts shown in these notes are in euros)

Note 1: Information relating to the Company and its business

The information below constitutes the Notes to the summary interim consolidated IFRS financial statements at June 30, 2016.

The summary interim consolidated financial statements of Implanet were approved by the Board of Directors on September 20, 2016 and authorized for publication.

1.1. Information relating to the Company and its business

Created in December 2006, Implanet's business is the technical, clinical, marketing and commercial development of high-quality implants and surgical instruments by introducing innovative technological solutions.

Implanet's range covers spinal, arthroscopy and knee products.

The Company has decided to outsource the majority of the operations necessary for the manufacture of its products and works with a network of about 20 subcontractors, on the basis of very precise technical specifications.

Implanet has been listed on the NYSE Euronext market in Paris since November 25, 2013.

Address of the registered office:

Technopole Bordeaux Montesquieu – Allées François Magendie – 33650 MARTILLAC, France

Registry number: RCS 493 845 341 - Bordeaux, France

The Implanet company and its subsidiary are hereafter referred to as the "Company" or the "Group".

1.2. Significant events in the first half of 2016

June 2016:

- Issue of the balance of the warrants for bonds convertible into shares coupled with share subscription warrants ("BEOCABSA") as part of the financing implemented in October 2015 to fund the development of the JAZZ BAND technology platform and the commercial roll-out of JAZZ worldwide. This second tranche of 400 BEOCABSA will enable a potential additional maximum of €4 million to be raised, at the Company's discretion under certain usual conditions. This amount may be revised upwards by an equivalent amount if the share subscription warrants attached to the bonds issued under this operation are exercised. The Board of Directors also asked L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND to immediately exercise 35 BEOCABSA out of the 400 thus issued, giving rise to the issue of a tranche of OCABSA for a nominal amount of €350K.

- Appointment of Mary E. Shaughnessy, Senior VP Finance & Planning for the Partners CC group, expert in healthcare financing and reimbursements in the United States, as a new Director.

May 2016:

- American (510k) and European (CE) market authorizations obtained for the new Jazz Claw® implant.

April 2016:

- American (510k) and European (CE) market authorizations obtained for the new Jazz Lock® implant.
- Listing on the OTCQX® International market in the United States.

March 2016:

- Launch of a prospective, multicenter clinical study to document the outcomes of JAZZ technology in adult degenerative and adult deformity indications.

February 2016:

- Appointment of Brian T. Ennis as Chairman of the Implanet America subsidiary.

January 2016:

- Successful outcome of the first idiopathic scoliosis operation performed in Brazil using the JAZZ platform.

1.3. Subsequent events

July 2016:

- Issue of an additional tranche of OCABSA for a nominal amount of €250K

On July 29, 2016, the Board of Directors decided on the exercise of 25 BEOCABSA enabling the issue of a third tranche of 25 bonds convertible into shares coupled with share subscription warrants ("OCABSA") for a total value of €250K. The Company also issued 186,567 BSA_{T3} under this third tranche.

- Grant of an interest-free loan for innovation of €800K

In June 2016, the Company obtained the agreement from Bpifrance for an interest-free loan for innovation for an amount of €800K for the "development and clinical assessment of the Jazz braided implant for degenerative spinal surgery (in particular, the securing or replacement of pedicle screws)".

This loan has the following characteristics:

- 3-year deferred repayment;
- Linear repayment over 20 quarters from June 30, 2019 to March 31, 2024;
- Administration fees of €24K.

The funds were received by the Company on August 19, 2016.

August 2016:

- Grant of patent for the JAZZ® technological platform in the United States

On August 30, 2016, the Company announced that the US Patent and Trademark Office (USPTO) had granted the patent for the JAZZ® technological platform in the United States. The intellectual

protection for the JAZZ® technological platform now covers the braided implant and its tensioning system, which makes up the main element of its tooling.

Note 2: Accounting principles, rules and methods

2.1. Principle for preparation of the financial statements

Declaration of compliance

Implanet has prepared its consolidated financial statements in accordance with the standards and interpretations published by the International Accounting Standards Boards (IASB) and adopted by the European Union as at the date of preparation of the financial statements, and this for all the periods presented.

This referential, available on the website of the European [Commission](http://ec.europa.eu/finance/company-reporting/index_en.htm) (http://ec.europa.eu/finance/company-reporting/index_en.htm), incorporates the international accounting standards (IAS and IFRS), and the interpretations issued by the Standing Interpretations Committee (SIC) and the International Financial Interpretations Committee (IFRIC).

In accordance with the provisions of European Regulation No. 1606/2002 dated July 19, 2002, the summary interim consolidated financial statements of Implanet at June 30, 2016 have been prepared in compliance with IAS 34 "Interim Financial Reporting", as adopted by the European Union.

Since they are summary financial statements, they do not include all the information required by the IFRS guidelines for the preparation of consolidated financial statements. These notes must therefore be supplemented by reading the consolidated financial statements of Implanet published in respect of the fiscal year ended December 31, 2015.

Going concern principle

The going concern principle was used by the Board of Directors in view of the following factors enabling the Company to cover its future cash requirements:

- Available cash and cash equivalents of €2.0 million;
- Its cash balances in other current financial assets for €1.2 million;
- A loan for innovation obtained from BPIfrance for an amount of €0.8 million received in August 2016 (See Note 1.3. Subsequent events);
- The exercise of 25 BEOCABSA allowing the issue of an additional tranche of OCABSA for a nominal amount of €250K in July 2016 (See Note 1.3. Subsequent events);
- The possible use of a financing line by issue of bonds convertible into shares coupled with share subscription warrants ("OCABSA") that could give rise to additional financing of €3.4 million, subject to:
 - direct and indirect investments by L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND in the Company's capital not exceeding 3% of the capital and voting rights given the number of potential shares resulting from the conversion of convertible bonds,
 - both the closing price and weighted average price over the five trading days preceding the issue request being at least €1.10.

The Company is also examining possible additional financing to fund new developments, which could involve a capital increase, particularly if the Company is no longer able to use the OCABSA credit line.

Accounting methods

The accounting principles used are identical to those used for the preparation of the annual IFRS consolidated financial statements for the fiscal year ended December 31, 2015, with the exception of the application of the following new standards, amendments to standards and interpretations adopted by the European Union, for which application is mandatory for the Group with effect from January 1, 2016:

Standards, amendments to standards and interpretations applicable with effect from the fiscal year commencing on January 1, 2016

- Amendments to IAS 1: Presentation of financial statements: "Disclosure initiative"
- Amendments to IAS 19: Defined Benefit Plans: Employee Contributions
- Amendments to IAS 16 and IAS 38 - Clarification of acceptable methods of depreciation and amortization
- Amendments to IAS 27 - Equity method in separate financial statements
- Amendments to IFRS 11 - Accounting for Acquisitions of Interests in Joint Operations
- Amendments to IAS 16 and IAS 41 - Agriculture: Bearer plants
- Improvements to IFRS (2012-2014 Cycle)
- Improvements to IFRS (2010-2012 Cycle)

These new texts adopted by the European Union have not had any significant impact on the Group's financial statements.

Standards, amendments to standards and interpretations not yet adopted by the Group

Standards, amendments to standards and interpretations adopted by the EU but not mandatory for 2016 interim financial statements

None.

Standards and interpretations published by the IASB and not yet adopted by the European Union at June, 30 2016

- IFRS 9 - Financial instruments
- IFRS 14 - Regulatory deferral accounts
- IFRS 15 - Revenue from contracts with customers
- IFRS 16 - Leases
- Amendments to IFRS 10, IFRS 12 and IAS 28 - Investment entities: Applying the consolidation exception
- Amendments to IFRS 10 and IAS 28 - Sales or contributions of assets between an investor and its associate or joint venture
- Amendments to IAS 12 - Recognition of deferred tax assets for unrealized losses
- Amendments to IAS 7 - Disclosure initiative: Transfer of financial assets
- Amendments to IFRS 2 - Classification and measurement of share-based payment transactions
- Clarifications to IFRS 15

The Group is currently in the process of assessing the impacts resulting from the first application of these new texts. It does not anticipate any significant impact on its financial statements.

2.2. Change of accounting method

With the exception of the new texts identified above, Implanet has not made any changes to its accounting methods during the first half of 2016.

2.3. Use of judgments and estimates

During the course of the preparation of these interim consolidated financial statements, the main judgments made by management as well as the principal assumptions used are the same as those applied during the preparation of the financial statements for the year ended December 31, 2015, namely:

- Award of share subscription or founders' warrants or stock options to the employees, executives and external service providers (see note 9),
- Determination of the fair value of derivative liabilities (see note 10),
- Recognition of development expenses in assets (see note 3),
- Impairment of inventories (see note 5),
- Impairment of trade receivables (see note 6.1),
- Recognition of revenue (see note 14),
- Provision for liabilities and expenses (see note 12).

These estimates are based on the going concern principle and were prepared based on the information available at the time of their preparation. They are continuously evaluated on the basis of past experience and other factors considered reasonable, which constitute the basis of the assessments of the carrying amount of the assets and liabilities. The estimates may be revised if the circumstances on which they were based change, or as a result of new information. The actual results may differ significantly from these estimates, depending on different assumptions or conditions.

2.4. Consolidation scope and methods

Subsidiaries

On the date of publication of the interim consolidated financial statements, the Company only had one wholly-owned subsidiary, Implanet America Inc., which it created at the end of February 2013.

COMPOSITION OF THE SHARE CAPITAL	6/30/2016	12/31/2015
Capital (in euros)	7,663,285.70	15,887,399.00
Number of shares	10,947,551	10,591,599
of which, Ordinary shares	10,947,551	10,591,599
Nominal value (in euros)	€ 0.70	€ 1.50

The share capital is fixed at the sum of €7,663,285.70. It is divided into 10,947,551 ordinary shares which are fully subscribed and paid up with a nominal value of €0.70.

The General Shareholders' Meeting of May 24, 2016 decided to carry out:

- The allocation of retained earnings to issue premiums for €15,074K;
- A capital decrease, motivated by losses, for an amount of €8,589K by way of a reduction in the nominal value of the shares to €0.70;
- The constitution of an unavailable special reserve from the capital decrease for €4,593K.

During the first half of 2016, 53 bonds held by L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND (see Note 7.3.2.) were converted into shares generating the issue of 144,853 shares with a nominal value of €1.50 and 211,099 shares with a nominal value of €0.70, i.e. a capital increase of €365K and an issue premium of €165K.

Management of capital

The Company's policy consists of maintaining a solid capital base, in order to maintain the confidence of investors and creditors and to support the future development of the business.

At June 30, 2016, the Company owned 110,162 treasury shares as part of a liquidity agreement signed with Bank Oddo et Cie on November 20, 2013.

Equity line of credit with KEPLER CHEUVREUX

The Company opened an optional equity line of credit with KEPLER CHEUVREUX on July 9, 2014. Implanet can ask Kepler to subscribe to new shares which may be issued in tranches over the coming

24 months up to a general limit of 530,000 shares. KEPLER CHEUVREUX has made a firm subscription undertaking at the exclusive request of Implanet. The Company did not draw from this credit line in the first half of 2016.

The "OCABSA" contract with L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND suspends the Company's ability to use this equity line of credit.

Credit line through the issue of bonds convertible into shares coupled with share subscription warrants ("OCABSA")

The Board of Directors of June 29, 2016 issued 400 BEOCABSA, which may give rise to a bond issue for a maximum amount of €4 million for the benefit of the L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND. It also requested the immediate exercise of 35 BEOCABSA, allowing the issue of a tranche of OCABSA for a nominal value of €350K (see note 7.3.2.).

The Company, at its own initiative, may request the exercise of the remaining 365 BEOCABSA in order to allow the issue of OCABSA in several tranches for a maximum nominal amount of €250K each. This amount may be increased by mutual agreement between the Company and the BEOCABSA holder.

Distribution of dividends

The Company did not distribute any dividends during the periods presented.

Note 9: Share subscription warrants and founders' warrants

10.3.2. Issue of bonds convertible into shares with share subscription warrants attached ("OCABSA") in favor of L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND

On October 12, 2015, the Company entered into an OCABSA contract with L1 EUROPEAN HEALTHCARE OPPORTUNITIES FUND, enabling the Company to potentially raise €5 million at its discretion.

The OCA have the following characteristics:

- Nominal value: €10,000
- Subscription price: 99% of par value
- Maturity: 12 months
- Conversion terms: $N = V_n / P$ where:
 - N is the number of shares that can be subscribed;
 - V_n is the value of the bond receivable;
 - P corresponds to 92% of the lowest of the 10 average daily share prices weighted by the volumes of Company shares immediately preceding the date of the conversion request and as a minimum equal to the nominal share value (€0.70).

The Board of Directors decided the issue:

- of a first tranche of 100 OCABSA for a total value of €1.0 million on October 12, 2015;
- of a second tranche of 35 OCABSA for a total value of €350K on June 29, 2016.

In accordance with IAS 39, the liability is assessed according to the amortized cost method.

The conversion option is recognized in derivative liabilities at fair value, with variations in this fair value recognized in profit or loss.

Implanet
Period from January 1 to June 30, 2016

Statutory auditors' report on the interim financial information

To the shareholders,

In compliance with the assignment entrusted to us by your General Meetings of Shareholders and in application of Article L. 451-1-2 III of the French Monetary and Financial Code, we have carried out:

- the limited examination of the summary interim consolidated financial statements of Implanet relating to the period from January 1 to June 30, 2016, as attached to the present report;
- the verification of the information provided in the interim activity report.

These summary interim consolidated financial statements have been prepared under the responsibility of the Board of Directors. It is our responsibility, on the basis of our limited examination, to express our conclusion on these financial statements.

1. Conclusion on the financial statements

We conducted our limited examination in accordance with the professional standards applicable in France. A limited examination essentially consists of holding discussions with the members of the management responsible for the accounting and financial aspects and carrying out analytical procedures. This work is less extensive than that required for an audit carried out in accordance with the professional standards applicable in France. Consequently, the assurance that the financial statements, taken as a whole, do not include any significant anomalies obtained as part of a limited examination is a limited assurance, lower than that obtained as a result of an audit.

On the basis of our limited examination, we did not detect any significant anomalies which would be such as to call into question the compliance of the summary interim consolidated financial statements with IAS 34 - the IFRS referential relating to interim financial information as adopted in the European Union.

Without questioning the conclusion above, we would draw your attention to Note 2.1 "Principle for preparation of the financial statements" in the notes to the financial statements, which describes the information underlying the going concern assumption.

2. Specific verification

We also carried out the verification of the information provided in the interim activity report commenting on the summary interim consolidated financial statements covered by our limited examination.

We do not have any observations to make concerning their accuracy and their consistency with the summary interim consolidated financial statements.
